200MM · HALF ROUND

HALO 200

This profile brings the outstanding design of our Halo half-round profile, in our largest capacity to take on any weather. The Halo 200 profile is a favourite for high-end residential builds with large roof coverage, as its larger size can cope with additional water capture, while its stunning aesthetics compliment almost any house design.

Ideally suited for very large high-end residential and commercial buildings, and premium architectural projects needing maximum half-round capacity.

- True 200mm half-round designer profile
- External Buz-200 bracket
- Largest half-round capacity — 15,151 mm²
- 15 year perforation warranty
- Pre-painted steel & pre-painted aluminium
- Matching downpipes & snow protection
